Rideout News

Date – Sunday 24th February

Destination – Hassop Station and CMC Chesterfield

Leader – John Tizzard

Route – Markeaton Island – Duffield – Ashbourne – Newhaven – Bakewell – Hassop Station Bookshop

– Chatsworth Park – Darley Dale – Chesterfield – CMC Clay Cross (70 miles)

Comments – A bit of a parky day, but generally dry with good road conditions for the time of year. The remnants of the gritter lorries was ever present but didn't cause problems. A gentle ride was enjoyed by 8 of us and, even though a little chilly, much better than vegetating indoors. Hassop Station Bookshop has a cafe and is open 7 days, a great little stop over if your in the area.

Wednesday 20th February

Speaker – Tony Carter – McMillan Williams Solicitors

Club Night Report

Tony was a man with a wealth of experience. His background included Police Motorcycle Instructing and Accident Investigation. He is also a CBT, DAS instructor. If that's not enough, he's also and Examiner for both IAM and RoSPA. To top it all, he is one of a small number of (4 I think) people qualified to be an 'Expert Witness' with regard to Motorcycle Accidents.

Tony spoke for an hour giving information about the process and pitfalls of how the 'Accident Claim' industry operates. It seems that we can all save a bit of money in the short term by not bothering with the 'Legal Protection' that is tagged on to most policies automatically. In stead, if we do have an accident, make use of the 'No claim, No fee' solicitors, and, it would seem, if we have a valid claim, get far more in compensation by using this route.

Tony also dispelled some 'Motoring Myths', undertaking for example, and others. There were certainly a few things that I'd not heard before.

Many thanks to Tony, and he'll be back again, maybe in September, to talk about Accident Investigation.

From the Chair

Well, that's another birthday come and gone. Thanks to the hardy few that braved the cold to have a trundle around Derbyshire.

Didn't get my new GS, but did get some golf lessons, so all not too bad.

March is upon us and this brings around the AGM. Later in the news letter you can see a list of the nominations received. I'm hoping that 2013 will see us taking the Advanced Riding message to a wider audience whilst at the same time building the club at it's new cosy venue.

There's never much to report on at this time of the year. The bike training world is still in a state of hibernation which is compounded by the economy and the law changes. I've put an article in later about the new licensing laws, not that it affects us directly, but it's good to know in case we're asked. Will it make a difference? I don't think so. Unless of course you're a Training School and you'll have to buy extra bikes if you want to cover the whole range of test options.

Anyway, looking on the bright side, Easter will be here soon (don't forget the Egg Run) and with it maybe some better biking weather. The weekend after Easter will be a club run to the Prescott Bike Festival. It's about 90 miles each way and the aim is to avoid the big roads where possible. Tickets are £15 on the day but only £12 if you book on-line before April 5th.

So, get cleaning and polishing, get rid of those SORN notices and get ready to ride.

Cheers

John

Observers Meeting

Check it out at www.prescottbikefestival.co.uk

Come and join the club ride on the 7th April

You can save £3 by booking a ticket on the web site.

Well I Never!

So, you think you've had a hard day

A man walks into a restaurant with a full-grown ostrich behind him. The waitress asks them for their orders. The man says, "A hamburger, fries and a coke," and turns to the ostrich, "What's yours?" "I'll have the same," says the ostrich. A short time later the waitress returns with the order. "That will be \$9.40 please." The man reaches into his pocket and pulls out the exact change for payment.

The next day, the man and the ostrich come again and the man says, "A hamburger, fries and a coke." The ostrich says, "I'll have the same." Again the man reaches into his pocket and pays with exact change.

This becomes routine until the two enter again. "The usual?" asks the waitress. "No, this is Friday night, so I will have a steak, baked potato and a salad," says the man. "Same," says the ostrich. Shortly the waitress brings the order and says, "That will be \$32.62." Once again the man pulls the exact change out of his pocket and places it on the table.

The waitress cannot hold back her curiosity any longer. "Excuse me, sir. How do you manage to always come up with the exact change in your pocket every time?"

"Well," says the man, "several years ago I was cleaning the attic and found an old lamp. When I rubbed it, a Genie appeared and offered me two wishes. My first wish was that if I ever had to pay for anything, I would just put my hand in my pocket and the right amount of money would always be there."

"That's brilliant!" says the waitress. "Most people would ask for a million dollars or something, but you'll always be as rich as you want for as long as you live!"

"That's right..Whether it's a gallon of milk or a Rolls Royce, the exact money is always there," says the man. The waitress asks, "What's with the ostrich?"

The man sighs, pauses and answers, "My second wish was for a tall chick with a big ass and long legs who agrees with everything I say.."
